Paul - No problem.

Lawrence - I'm leaving for a meeting shortly and will be out with Mark on a bus tour early tomorrow. Would you please see if Kristin, Melissa, or other can provide bullets and respond to Paul's request.

Hi Clyde: Could you possible send me a very brief project description of the rail project per the outline below? One line or two per bullet is just fine. The reason for the request, is I want to include the project in a general brief we provide on transportation issues in Hawaii. It is internal brief only within our agency. The overall brief is due this Friday so if you could reply back with the completed bullets below before Friday that would be great. Thanks!

Paul

As we discussed in Staff Meeting, best entity to supply info on rail is the City and County or Parsons. I don't know all the info you are seeking. We were supposed to ask for info during our rail meeting. We forgot. I am out of the office today on SL. Since you need this pronto, I suggest you call Faith Miyamoto at City and County (don't have her # at my fingertips) or call Clyde of PB at 7686128.
